We even fix more obscure issues like speaker repair, headphone jack, microphone, charger ports, cameras and front and back glass and LCD replacements. All of As with every "do it yourself" and "Apple", you have to be careful and know that it will possibly void your warranty. In any case, if you still decide This means that whether it's just a scratch or the glass is all shattered, the whole screen needs to be replaced with all three parts. Despite this, replacing the iPhone Mississauga / Peel Region
